Subject: LEP web enquiry

enquiry: I have some grave reservations about your plans to change the status of Portland and Wallerawang from village to some other status with the resultant change in rules for development. One of the great things about our village of Portland is that it allowed poor people to come to town and buy a cheap doer up and raise a family in our town. I have made a fair amount of money doing up old wrecks and renting them out. If I have to comply with the new rules I will box up what is not finished and do my development somewhere else. What worries me the most is that you will change the character of our lovely community. Regards.
