B315**

Dear Sir/Madam

I note that when heritage listing a building on my property you have included all lots held by my company. The building sits well within one lot as defined by your heritage inventory sheet.

I am concerned that you have chosen to include all lots owned by my company in the heritage listing which are separate from and not affected by the lot reported in your inventory.

Please advise the reason for this and what steps I need to take to correct this matter.

Regards

Gary Roberts
